Appendix: Verification Checklist and Data Notes.

A Well-Reviewed Practice with an Unfocused Site

5.0
Google rating from 574 reviews (supplied); the website states 4.97 and 'over 500'

947
Organic keywords, down 16% (third-party estimate)

34 + 270
Service and information URLs plus news articles in the live sitemaps

~200
Words of body copy on each of the 2 sampled area pages (of 19)

Business Overview

Weninger Dentistry, PLLC is a general and cosmetic dental practice at 4030 North MacDill Avenue, Tampa, FL 33607. The website presents a husband-and-wife dental team and lists 26 service pages across procedures, cosmetic dentistry and sedation. Its Google rating is 5.0 from 574 reviews (supplied; to be verified on the live profile).

Current SEO Situation

Patients who search the practice name find it first. Beyond the brand, core searches such as 'dentist tampa' sit at positions 14 to 22. The site is large (90 pages, 270 articles) but spread thin: service pages for implants and veneers read as short, 19 area pages repeat one template, and the homepage shows no hours, no schema and no map.

Evidence base: the supplied intake, a live review of the website, sitemaps and seven competitor sites on 19 October 2026, and third-party SEO estimates. Search Console, Analytics and the live Google Business Profile were not accessible; those items are marked Unable to Verify or Need Information.

Challenges, Opportunities and Expected Impact

Main SEO Challenges

- Keyword coverage fell 16% while traffic moved only 0.9%: losses are mostly low-volume terms
- Most visible demand is branded; non-branded 'dentist tampa' terms rank 14 to 22
- Implant and veneer pages observed as thin against high-value intent
- 19 near-identical area pages dilute focus and may look like doorway pages
- 270 articles with overlapping topics compete with service pages
- Authority Score 19 against established Tampa competitors

Growth Opportunities

- Make one strong URL for each high-value cluster before adding anything new
- Recover valuable lost rankings first, then expand
- Verify and sharpen the GBP: categories, services, products, hours
- Surface doctor credentials, hours and a map on the site
- Lead with Tampa core neighborhoods, not distant towns
- Use 574 reviews as visible proof on key pages

Expected Business Impact

- **Calls and requests:** clearer paths from the pages patients compare
- **Visibility:** stronger relevance for implants, cosmetic and sedation in Tampa
- **Brand and trust:** consistent entity across site, GBP and listings
- No traffic, call or revenue figures are promised; targets follow Month 1 baselines

A Crowded Market with Clear Differentiators

Market Factor	Assessment
Population opportunity	Tampa metro population and neighborhood data not supplied: Need Information (Census check in Month 1)
Local search demand	Third-party data: 'dentist tampa fl' about 1,300, 'dentist tampa' and 'tampa dentist' about 1,000 each per month (overlapping variants); Invisalign Tampa about 320 to 390
Competition level	High: five direct candidates within the Tampa area plus an implant-focused specialist practice
Customer behavior	Compare reviews, hours, cost and comfort before calling; anxious patients look for sedation options
Service demand	Implants, dentures, cosmetic work and sedation carry the highest treatment value; general care drives volume
Visible gap	Several competitors do not mention sedation (two of the five reviewed); Weninger has dedicated IV and oral pages

Market Opportunity

A 5.0 rating at this review volume, plus sedation and denture-implant services that several competitors do not list, give the practice real differentiators to build pages around.

Challenges

- Generic 'dentist tampa' terms are crowded and proximity-driven
- Competitors list same-day crowns, med-spa services, membership plans and early hours
- Wide service-area claims do not translate to Maps visibility

Strategic Direction

Win the Tampa core first: the North MacDill catchment, then adjoining communities where evidence shows demand. Concentrate on a few strong pages per high-value service.

Where the Practice Stands Today

19
Authority Score (third-party)

~1,000
Estimated monthly organic visits, -0.9%

~1,100
Referring domains; about 1,300 backlinks

35
AI Search Visibility Score

Finding	Current Status	Problem	SEO Impact	Priority
Brand visibility	Position 1 for the practice name and variants (about 1,050 monthly searches across four variants)	Strength is navigational	Little new-patient discovery	Medium
Core local terms	'dentist tampa fl' 14, 'dentist tampa' 18, 'tampa dentist' 18, 'tampa dentists' 22	One homepage serves all four; page 2	Largest local volume untapped	High
Cosmetic and aligners	'invisalign in tampa' 9, 'invisalign tampa' 17, 'cosmetic dentists tampa' 19, 'best cosmetic dentist in tampa' 30	No dedicated Invisalign page seen in the sitemap	Close to page 1 on Invisalign	High
Keyword decline	947 keywords, down 16%; traffic -0.9%	Cause unknown without Search Console	Possible loss of valuable terms	High
Authority	Authority Score 19; about 1,100 referring domains	Link quality and relevance unreviewed	Competes against older domains	Medium
Local signals	5.0 from 574 reviews (supplied)	Citations and GBP detail unverified	Prominence strong, consistency unknown	Medium

All values are third-party estimates supplied with the input, not Search Console or Analytics data. The 25% 'traffic share' figure was supplied without a definition and is not used in any conclusion.

Branded, Non-Branded and Irrelevant Keywords Separated

Group	Keywords (position / monthly volume)	Reading	One Target URL	Action
Branded: protect	weninger dentistry 1 / 480; weninger dentist 1 / 260; weninger dentistry tampa 1 / 170; weninger dentistry pllc 1 / 140	A second 'weninger dentist' record at position 3 (140) is a repeat; do not add it	Homepage	Keep first; track as brand, report separately
Core local: non-branded	dentist tampa fl 14 / 1,300; dentist tampa 18 / 1,000; tampa dentist 18 / 1,000; tampa dentists 22 / 720	One cluster of overlapping variants; do not sum the volumes	Homepage (not the Tampa area page)	Strengthen homepage; retire competing Tampa area-page intent
Aligners	invisalign in tampa 9 / 320; invisalign tampa 17 / 390	Nearest term to page 1; the ranking URL is not confirmed	/dental-procedures/teeth-straightening/	Confirm provider status, then build an Invisalign section on this URL
Cosmetic	cosmetic dentists tampa 19 / 210; best cosmetic dentist in tampa 30 / 210	One cluster; commercial intent	/cosmetic-dentistry/	Strengthen hub with doctor and case proof
Preventive	dental sealants tampa 14 / 110	Low value, service page exists	/dental-procedures/dental-sealants/	Light refresh; do not prioritize
Irrelevant	dental hygienist schools in tampa 13 / 1,900	Not a patient search; a 2020 article on becoming a hygienist is the likely source (confirm)	None	Exclude from reporting; do not optimize

Search volume alone is not business value. The 1,900-volume hygienist-school term is the largest number in the dataset and brings no patients; it is excluded from every target and KPI.

Investigating the 16% Keyword Decline

Possible Cause	Evidence Seen	How to Test	Status
Bulk site update in January 2026	About 60 service, area and about pages in the page sitemap show last-modified dates between 9 and 14 January 2026	Compare lost keywords with the change log and the January ranking dates	Unverified hypothesis
Cannibalization inside the site	Many URLs per topic: nine for implants, five for dentures, three near-identical snap-on denture articles	Check which URL ranked before and after for each lost term	Unverified hypothesis
Loss of low-volume long-tail terms	Keywords fell 16% but traffic only 0.9%	Sort lost terms by volume and position in the keyword export	Likely; verify
Area page changes	19 templated pages; Lake Magdalene lastmod 2023, others January 2026	Check impressions and rankings by area URL	Unverified
SERP and algorithm changes	Not assessed	Compare competitor ranking changes for the same terms	Unable to Verify

Order of work: export lost keywords from the SEO tool, classify them (branded, commercial, informational, irrelevant), map each to its URL, then recover valuable commercial losses on existing pages before any new content is published. Search Console is needed to confirm clicks and impressions: Need Information.

Confirmed Findings on the Live Site

Issue	Evidence Found	Impact	Recommendation	Priority
Homepage lacks hours and map	Live fetch showed no opening hours, no Google Maps embed and no doctor names on the homepage	Weaker local and trust signals	Add hours, directions and map; link doctors	High
Structured data not visible	No JSON-LD seen in the fetched homepage; Google Tag Manager references present	Entity signals may be missing	Confirm with the Rich Results Test, then implement Dentist, Physician and FAQ markup	High
Sitemap and indexing scope	Index lists page (90), post (270) and category sitemaps	Wide index of mixed value	Review noindex for stale pages and category archives	Medium
Stale and duplicate pages	COVID page (2020), three specials pages from 2022, near-duplicate military and senior specials, two new-patient URLs	Crawl waste, mixed signals	Consolidate or redirect after review	Medium
Time-limited offers	Three specials stated as expiring 10/31/2026: $50 off whitening tray, $109 new patient, $350 off a single implant	Pages may show expired offers	Schedule a renewal or removal on 1 November	High
Canonical and titles	Homepage title 'General & Cosmetic Dentist in Tampa, FL | Weninger Dentistry'; canonicals present on pages sampled	Sound base	Review all titles for duplication in a full crawl	Low

Verified directly on the website and sitemaps on 19 October 2026. JavaScript-injected markup may not appear in a plain fetch, so schema is a finding to confirm, not a proven absence.

Items Still to Verify

Area	Status	Recommendation	Priority
Core Web Vitals and speed	Unable to Verify: not tested in this review	Run PageSpeed Insights and CrUX for key templates	Medium
Mobile usability	Unable to Verify	Test the schedule, call and text paths on a phone	Medium
Broken links and redirect chains	Not tested	Full crawl before any URL changes	Medium
Duplicate titles and descriptions	Not tested site-wide	Crawl export; fix templated area-page titles first	Medium
Heading structure	Homepage H1: 'Your Tampa Dentist – Weninger Dentistry'; others not reviewed	Check one H1 and logical H2s on priority pages	Low
Image optimization	Not tested; sitemap shows repeated guide images and an unclear 'logo-A.gif'	Audit alt text, size and format	Low
HTTPS and mixed content	Sitemaps and URLs use HTTPS; mixed content not tested	Confirm in the crawl	Low
Conversion tracking	Google Tag Manager references seen; events not verified	Verify call, text, form and booking events in GA4	High

These are potential audit items, not confirmed problems. Each moves to a confirmed finding or is closed after the Month 1 crawl.

Index Inventory from the Live Sitemaps

Sitemap Group	Count	Observation
Service URLs	34	The 26 supplied pages plus three hubs, four implant sub-pages and one braces versus aligners page
Area pages	20	Index plus 19 city pages; the supplied list names 18 (East Lake is extra)
About and trust	5	Credentials, doctor bios, team, family dentistry
Specials, guides, forms, other	31	Mixed ages, some duplicates
News articles	269	Dated 2014 to October 2026; plus the news index

What the Inventory Shows

- All 26 supplied service URLs are present in the page sitemap
- Supporting implant pages exist: procedure, options, TeethXpress, sedation implants
- Newest article: implant costs in Tampa for 2026 (15 October 2026)
- Duplicate or near-duplicate topics: snap-on dentures (three articles), Invisalign versus braces (two), crowns versus veneers (three plus a page and guide)
- A 2023 'new office coming soon' article: confirm address history for citations

Counts come from the page and post sitemaps fetched on 19 October 2026. Category sitemap contents were not reviewed.

Complete GBP Audit

GBP Element	Current Status	Issue	Recommendation	Expected Impact
Name, address, phone	Weninger Dentistry, PLLC, 4030 N MacDill Ave, Tampa, FL 33607; 813-872-7057	Live profile not accessed; site also shows a text line, 813-992-2483	Match the website exactly; list the text line as site-only unless confirmed	Consistent entity
Hours	Not shown on the website homepage	Input says hours may be inconsistent	Verify live hours; show them on the site and in GBP	Fewer failed calls
Categories	Primary: Dentist; secondary: Need Information	Cannot confirm secondary categories	Add only accurate secondaries (next section)	Broader relevance
Services	Not verified	Likely incomplete against 26 website services	Mirror priority services with descriptions	Service relevance
Description	Not verified	Unknown	Rewrite in the next section	Clear positioning
Appointment link	Site booking page: /make-appointment/	GBP destination not verified	Use one booking URL on GBP and website	Trackable actions
Photos and video	Count unknown	Unknown	Plan by type (next section)	Trust
Posts and Q&A	Posts on whitening and dental anxiety seen; dates unverified	Latest post date unknown	Weekly posts; seed Q&A	Activity signals
Reviews	5.0 from 574 (supplied); owner replies visible on recent reviews	Homepage says 4.97 and over 500	Use one verified figure site-wide	Trust and consistency

The live profile (share link supplied) was not accessible in this review. Status comes from the supplied input and is historical until verified.

Products and Services Review

Observed GBP Entry	Assessment	Recommendation
Carestream 3D CT Scan	Equipment or service, not a retail product	Present as a service with 3D imaging wording
Overdentures; Snap-In Denture	Treatment entries	Keep; describe as consultations, not prices
BioHorizons Dental Implants	Implant system name	Keep only if the brand is placed; verify
KÖR Teeth Whitening; Zirconia Crowns	Treatment entries	Keep with clear descriptions
Invisalign; Six Month Smiles	Brand names	Verify provider status before keeping
Silent Nite Sleep Appliance	Appliance	Keep if offered; link to TMJ and sleep content
Sensodyne, Oral-B, SATINfloss	Retail items	Remove unless actually sold

Rules for Products and Services

- Products are not proof of availability; confirm each item is offered
- Never add keywords to the business name or create duplicate profiles for service areas
- Services should mirror real website pages and use plain language
- Do not recommend every treatment as a category: add only categories that describe the practice
- Avoid unsupported claims in descriptions and posts

Categories and Business Description

Category Plan	Detail
Current primary	Dentist (supplied; verify live)
Recommended primary	Dentist: retain; it fits a general and cosmetic practice
Secondary candidates	Cosmetic dentist and Dental implants provider, if present in Google's current list and supported by actual services; Emergency dental service only if emergency visits are really offered (Need Information)
Not recommended	Specialist categories the practice does not hold, such as periodontist or orthodontist
Expected impact	Better match for cosmetic and implant searches; compare against competitor categories first

Competitor categories were not verified. Track category changes against calls, views and Maps position.

Recommended GBP Description (draft)

Weninger Dentistry is a husband-and-wife dental team at 4030 North MacDill Avenue in Tampa. We offer general, cosmetic and restorative dentistry, including dental implants, dentures, veneers and crowns, with oral and IV sedation options for patients who want a more comfortable visit. Our doctors explain each option so you can decide with confidence. Call 813-872-7057 or request an appointment online.

About 500 characters. Confirm services, sedation scope and any provider credentials before publishing. No outcome or price claims, no keyword stuffing.

Service Optimization

Service	Target Keyword	Description Recommendation	SEO Value
Dental implants	dental implants Tampa	Consultation, 3D imaging, implant types; no price promises	Very high
Implant-supported dentures	snap-in dentures Tampa	Overdentures and stabilization for loose dentures	High
Dentures	dentures Tampa	Full and partial options, repairs, stabilization	High
Dental veneers	dental veneers Tampa	Cosmetic consultation, what the process involves	High
Dental crowns	dental crowns Tampa	Zirconia and other crown options, when needed	High
Teeth whitening	teeth whitening Tampa	In-office and take-home options; no shade guarantees	High
IV and oral sedation	sedation dentist Tampa	For anxious patients; who may qualify; safety questions	High
Invisalign (verify)	invisalign tampa	Clear aligner consultation, only if provider status confirmed	High
General care	dental cleaning Tampa	Exams, cleanings, X-rays, sealants, fluoride	Medium

List only services the practice currently provides. Keyword demand for each is validated in Month 1.

Photo and Post Strategy

Photo Growth Plan

Photo Type	Purpose	Frequency
Exterior and entrance on North MacDill	Help patients find the office	Once; refresh yearly
Reception and treatment rooms	Show comfort and cleanliness	Quarterly
Doctors and team	Humanize; consent required	Quarterly
3D imaging and technology	Show equipment	Twice a year
Before and after (consented)	Cosmetic and denture proof	As cases allow
Short office tour video	Reduce anxiety	Twice a year

No patient identifiable without written consent.

GBP Post Strategy

Post Type	Topic Example	Frequency
Service	Implant consultation with 3D imaging	Weekly rotation
Educational	Dentures versus implants	Biweekly
Comfort	Sedation options for dental anxiety	Monthly
Cosmetic	Veneers or crowns: how to decide	Monthly
Offer	Current special with dates	As offers change
Community	Local events and sponsorships	Monthly

Posts follow Google policies: no unsupported claims, no promotional spam. Expired specials are removed promptly.

Q&A Optimization

Common Patient Question	Intent	Answer Direction
Are you accepting new patients?	Access	Site says yes; confirm and add booking link
What are your hours?	Hours	Need Information; confirm live hours
Do you offer sedation?	Comfort	Oral and IV sedation pages exist; confirm who qualifies
Do you offer dental implants?	Service	Yes per website; consultation process
How can I finance treatment?	Cost	Link to the financing page; no terms invented
Do you take my insurance?	Cost	Need Information; do not guess
Is there a new-patient offer?	Offer	Quote the current dated special only

Q&A Rules

- Answer from the official profile so replies carry authority
- Keep answers short, factual and consistent with the website
- No medical advice, price guarantees or outcome promises
- Review Q&A monthly for new patient questions

Review Growth Snapshot

The full review system, templates and privacy-safe replies appear in Section 17.

Relevance, Distance and Prominence

Relevance

- Primary category Dentist; accurate secondary categories
- Services and products aligned to real website pages
- One strong URL per priority treatment
- Homepage and service pages name Tampa and the real services

Distance

- The office is fixed at 4030 N MacDill Ave, so visibility fades with distance
- Tier 1: West Tampa, Drew Park, Egypt Lake-Leto, Northwest and South Tampa
- Tier 2: Carrollwood, Town 'N' Country, Westchase, Citrus Park, Lake Magdalene
- Distances and drive times are not yet verified; confirm before ranking priorities

Prominence

- 5.0 from 574 reviews (supplied): maintain volume and recency
- Consistent citations and a clean entity profile
- Relevant local links and sponsorships
- Branded searches and engagement

Maps results change with the searcher's location, so tracking uses a grid around the office rather than a single rank. Do not expect equal visibility across the whole Tampa Bay region.

Action Plan by Signal Group

Signal Group	Action Plan	Owner Type	Timing
GBP Signals	Verify profile, add accurate secondaries, services, description, hours, booking link	Business Owner Action	Month 1
Review Signals	Steady request process; reply to every review	Practice Team	Month 1 ongoing
Citation Signals	Verify listings and fix inconsistencies; no mass submissions	Marketing Team	Months 1 to 3
Content Signals	Strengthen service pages and the Tampa page; remove thin duplicates	Website Development Team	Months 1 to 3
Authority Signals	Earn local sponsor and dental-industry links; review current links	Marketing Team	Months 2 to 3
Engagement Signals	Track calls, texts, directions and website clicks; post weekly	Marketing Team	Ongoing

Tracking Framework

Keyword	Location Focus	Current	Target	Frequency
dentist Tampa FL	Grid around the office	Organic 14 (estimate); map not measured	Top 3 map, page 1 organic	Monthly
family dentist Tampa	Grid around the office	Not measured	Local pack presence	Monthly
cosmetic dentist Tampa	Tampa	Organic 19 (estimate)	Top 10 then top 5	Monthly
dental implants Tampa	Tampa	Not measured	Top 10	Monthly
snap-in dentures Tampa	Tampa	Not measured	Top 5	Monthly
sedation dentist Tampa	Tampa	Not measured	Top 5	Monthly
invisalign Tampa	Tampa	Organic 9 and 17 (estimates)	Top 5	Monthly
dentist near me	Grid around the office	Not measured	Local pack presence	Monthly
dentist in West Tampa	West Tampa	Not measured	Research first	Quarterly

Use a documented grid (for example 7x7 over a 3-mile radius) with date and device recorded. Baselines marked 'Not measured' are captured in Month 1; estimates come from the supplied third-party data.

Five Direct Competitor Candidates

Competitor	Location	Services Observed	Access and Offers	Opportunity
General & Cosmetic Dentistry of Tampa	5010 Gunn Hwy and 3112 W Kennedy Blvd	Cosmetic, veneers, Invisalign, same-day crowns, implants, emergency pages; no sedation listed	Mon to Fri; two offices; no offers listed	Out-explain on sedation and denture implants
South Tampa Dentistry	3308 S Dale Mabry Hwy	Dentures, bridges, cleanings, sealants, root planing; no implants or sedation listed	Insurance badge; online scheduling; DSO support stated	Restorative and implant depth
Doering Family Dental	1201 W Linebaugh Ave	General, cosmetic, Invisalign, implants, sedation, emergencies, oral surgery	7:30 AM starts; loyalty club; Spanish and Mandarin staff	Match patient-friendly access
Grand Plaza Laser Dental and Med Spa	14497 N Dale Mabry Hwy	Cosmetic, implants including All-on-4, laser, 3D imaging, Botox and med spa	VIP club; by appointment only	Compete on comfort and transparency
Implant and Periodontal Therapy	South Tampa (full address not listed)	Implant and periodontal specialty; one named doctor	Mon to Thu 7 to 3; Fri 7 to 1	Win general-dentist implant intent

From public competitor sites, 19 October 2026. Distance from the office, Google review count and rating, GBP categories and backlink strength are Unable to Verify: confirm on Google Maps and in the SEO tool. Competitor review claims are not used.

Organic-Only Domains and Competitive Strategy

Domain	Finding	Classification
impeccablesmiles.com	Lutz office; implants, sedation including nitrous, membership plan; Mon to Thu	Organic competitor; Tier 3 overlap
6monthsmiles.com	National orthodontic brand site based in Texas; no Tampa provider list seen	Not a local competitor
toothspadental.com	Practice in Sunnyvale, California	Not a local competitor
weningerdental.com	Site blocked automated access; unaffiliated status not confirmed	Unable to Verify; check for name confusion

Do not automatically treat every domain in a keyword tool as a direct competitor.

How to Outperform

- Own the sedation and denture-implant story, where several nearby competitors are silent
- Back doctor expertise with visible credentials and consented case evidence
- Put hours, map, financing and 574 reviews on key pages
- Fix cannibalization so one strong URL answers each treatment search

Prioritized Opportunities

- 1. Recover lost rankings and strengthen existing pages
- 2. GBP categories, services and products cleanup
- 3. Tampa core content before wider areas
- 4. Conversion fixes on priority pages

Local, Cosmetic and Restorative Keywords

Keyword	Intent	Funnel	Business Value	One Target URL
dentist Tampa FL (and variants)	Local	Mid-bottom	Very high	Homepage
family dentist Tampa	Local	Mid	High	/about-us/family-dentistry/
cosmetic dentist Tampa; smile makeover Tampa	Cosmetic	Mid	High	/cosmetic-dentistry/
dental veneers Tampa	Cosmetic	Mid-bottom	High	/cosmetic-dentistry/veneers/
teeth whitening Tampa	Cosmetic	Mid-bottom	Medium-high	/dental-procedures/teeth-whitening/
dental implants Tampa; implant consultation	Restorative	Mid-bottom	Very high	/dental-procedures/dental-implants/
implant-supported or snap-in dentures Tampa	Restorative	Mid-bottom	Very high	/dental-procedures/denture-implants/
dentures Tampa	Restorative	Mid-bottom	High	/dental-procedures/dentures/
dental crowns; zirconia crowns Tampa	Restorative	Mid-bottom	High	/cosmetic-dentistry/crowns/

Each cluster has one primary URL. Supporting articles link to it rather than competing for the same query.

Sedation, Aligners, General and AI Queries

Keyword	Intent	Target URL
sedation dentist Tampa; IV and oral sedation	Comfort	/sedation-dentistry/ hub, children for IV and oral
dentist for anxious patients Tampa	Comfort	Sedation hub
invisalign Tampa; clear aligners Tampa	Orthodontic	/dental-procedures/teeth-straightening/ (verify provider status)
dental cleaning or exam Tampa	General	/dental-procedures/teeth-cleaning/
nitrous oxide sedation; Six Month Smiles Tampa	Verify	Hold: availability and provider status Need Information
dental implant cost Tampa	Informational	Update the 2026 cost article; link to implants page

AI Search and Voice Queries

Platform	Example Query
ChatGPT	Which Tampa dentist offers IV sedation for anxious patients?
Google AI Overview	Snap-in dentures in Tampa
Voice search	Dentist near me accepting new patients
Gemini	Dentist near North MacDill Avenue for dental implants
Google AI Mode	Dentures or implants: what should I choose in Tampa?

Where the Site Falls Short of Patient Needs

Gap	Observed	Content Opportunity	Keyword	Value	Priority
Service	Implants and veneers pages read as short against competing interest	Expand with process, candidacy, options, FAQs and a clear consultation CTA	dental implants Tampa	Very high	**High**
Service	No dedicated Invisalign page in the sitemap; GBP lists Invisalign	Add an Invisalign section on the straightening page (verify status)	invisalign Tampa	High	**High**
Location	Area pages are about 200 words each with no landmarks	Rewrite Tampa; merge or remove the rest	dentist Tampa	High	**High**
Trust	No doctor names, hours or credentials on the homepage	Add doctor panel, hours, review figure with source	weninger dentistry	High	**High**
Educational	269 articles, many overlapping; strong topics exist	Consolidate duplicates; link to service pages	dentures vs implants	Medium	**Medium**
Conversion	Financing page is linked, terms not shown on homepage	Financing and cost explainer once terms confirmed	dental financing Tampa	High	**Medium**

Service URL Audit: High-Value Treatments

Service URL	One Keyword Cluster	Overlap Risk	Priority	Provisional Action
/dental-implants/	dental implants Tampa	Eight related implant URLs and offers	High	Hub page: expand; fix overlap
/denture-implants/	snap-in dentures Tampa	Dentures, stabilization, overdenture offer	High	Primary for implant dentures
/denture-stabilization/	denture stabilization	Same intent as denture-implants	High	Differentiate or merge
/dentures/	dentures Tampa	Four denture URLs	High	Primary for dentures
/dental-bridges/	dental bridges Tampa	Bridge versus implant article	Medium	Light refresh; link to implants
/cosmetic-dentistry/veneers/	dental veneers Tampa	Crowns versus veneers pages and articles	High	Expand; observed thin
/cosmetic-dentistry/crowns/	dental crowns Tampa	Veneers; zirconia crown product entry	High	Expand; add zirconia
/dental-procedures/teeth-whitening/	teeth whitening Tampa	Whitening tray special; whitening articles	Medium	Refresh; link offer
/teeth-straightening/	invisalign Tampa	Braces versus aligners page; two articles	High	Add Invisalign section

All 26 supplied URLs appear in the live page sitemap (updated January 2026). Content was reviewed on the implants and veneers pages only; the remaining pages are audited in Month 1 against content, indexation and rankings.

Service URL Audit: Comfort and Preventive Care

Service URL	One Keyword Cluster	Overlap Risk	Priority	Provisional Action
/sedation-dentistry/iv-sedation-dentistry/	IV sedation dentist Tampa	Hub, implant sedation page	**High**	Keep; add candidacy and safety
/sedation-dentistry/oral-sedation-dentistry/	oral sedation dentist Tampa	Hub; anxiety articles	**High**	Keep; differentiate from IV
/dental-procedures/teeth-cleaning/	dental cleaning Tampa	Fluoride, sealants	**Medium**	Refresh; add new-patient path
/dental-procedures/dental-fillings/	dental fillings Tampa	Inlays and onlays	**Medium**	Link to onlays
/cosmetic-dentistry/inlays-onlays/	inlays and onlays	Fillings, crowns	**Low**	Retain; refine
/dental-procedures/dental-sealants/	dental sealants Tampa	Fluoride	**Low**	Light refresh
/dental-procedures/fluoride-treatments/	fluoride treatment Tampa	Sealants	**Low**	Retain
/dental-procedures/dental-x-rays/	dental X-rays Tampa	3D imaging	**Low**	Retain; link to imaging
/dental-procedures/3d-imaging/	3D dental imaging Tampa	X-rays	**Medium**	Tie to implant planning

Service URL Audit: Specific Treatment Needs

Service URL	One Keyword Cluster	Overlap Risk	Priority	Provisional Action
/dental-procedures/periodontal-disease/	gum disease treatment Tampa	Gum articles	Medium	Refresh; link to cleaning
/chao-pinhole-gum-recession-treatment/	Chao Pinhole Tampa	Two articles	Medium	Verify provider training; refresh
/dental-procedures/cracked-tooth-repair/	cracked tooth repair Tampa	Dental repair	Medium	Differentiate from repair
/dental-procedures/dental-repair/	dental repair Tampa	Cracked tooth page	Low	Merge or differentiate
/dental-procedures/wisdom-teeth-removal/	wisdom teeth removal Tampa	Articles	Low	Verify who provides
/dental-procedures/tmj-therapy/	TMJ treatment Tampa	Sleep appliance entry	Medium	Link to appliance; verify scope
/dental-procedures/oral-cancer-exam/	oral cancer screening Tampa	Articles	Low	Retain; link to exams
/cosmetic-dentistry/botox-juvederm/	Botox Tampa dentist	Articles	Medium	Verify credentials; refresh

Specialist treatments (Chao Pinhole, wisdom teeth, Botox, TMJ) stay on the site only where provider qualifications and availability are confirmed: Need Information.

Keyword Cannibalization Map

Cluster	Competing URLs Seen	Recommended Primary	Action
Implants	Implants hub, procedure, options, TeethXpress, sedation implants, denture implants, two specials, free guide, many articles	/dental-implants/	Keep sub-pages; each answers a different question; others link up
Dentures	Dentures, denture implants, denture stabilization, denture and partial special, three snap-on articles	/dentures/ and /denture-implants/	Merge the three snap-on articles into one; differentiate stabilization
Aligners	Teeth straightening, braces versus aligners, two Invisalign articles, Six Month Smiles articles	/teeth-straightening/	Merge the duplicate Invisalign article; add a section for Invisalign
Whitening	Whitening page, $50 tray special, ten articles	/teeth-whitening/	Specials link back to the page
Crowns and veneers	Two pages, comparison guide, three articles	Each page owns its term	Single comparison article; link both pages
Specials and new patients	Duplicate military, senior and new-patient URLs	/specials/ and /new-patients/	Consolidate after expiry review

Review the existing page before recommending a new one. These are overlaps seen in the sitemaps; ranking data confirms which URL Google prefers.

Priority Service Pages

Priority Page	Page Title Direction	H1 Direction	CTA	Internal Links
Dental implants	Dental Implants in Tampa, FL | Weninger Dentistry	Dental Implants in Tampa	Book an implant consultation	Denture implants, 3D imaging, sedation, financing
Denture implants	Snap-In and Implant-Supported Dentures in Tampa	Implant-Supported Dentures	Request a consultation	Dentures, stabilization, implants
Veneers	Porcelain Veneers in Tampa | Weninger Dentistry	Dental Veneers in Tampa	Schedule a cosmetic consultation	Crowns, whitening, before and after
Crowns	Dental Crowns in Tampa | Zirconia and More	Dental Crowns in Tampa	Request an appointment	Veneers, bridges, fillings
Sedation	Sedation Dentist in Tampa | IV and Oral Sedation	Sedation Dentistry in Tampa	Ask about sedation options	IV, oral, implants, anxiety guide
Straightening	Invisalign and Clear Aligners in Tampa (verify)	Teeth Straightening in Tampa	Book an aligner consultation	Whitening, veneers
Homepage	Keep and refine the current title	Your Tampa Dentist	Schedule now; call; text	All priority pages

Required page structure: intro naming the treatment and Tampa, who it is for, process, options, aftercare, FAQs, financing, doctor credentials, hours and map, clear CTA. Page titles stay within search display length.

Recommended Architecture on the Existing Site

SILO 1 · Implants and Tooth Replacement
/dental-implants/ (parent)
- ├ Procedure, options, TeethXpress
- ├ Sedation implant dentistry
- ├ Denture implants
- ├ Dentures, stabilization
- └ Dental bridges

SILO 2 · Cosmetic Dentistry
/cosmetic-dentistry/ (parent)
- ├ Veneers, crowns, inlays and onlays
- ├ Teeth whitening
- ├ Straightening and aligners
- └ Botox and Juvéderm (verify)

SILO 3 · Comfort and Sedation
/sedation-dentistry/ (parent)
- ├ IV sedation
- └ Oral sedation

SILO 4 · General and Preventive
- ├ Cleaning, exams, X-rays
- ├ Fillings, sealants, fluoride
- └ 3D imaging, oral cancer exam

SILO 5 · Specific Concerns
- ├ Gum disease, Chao Pinhole
- ├ Cracked tooth, repair
- └ TMJ, wisdom teeth

SILO 6 · Tampa Local
Tampa page (parent)
- ├ Directions and nearby neighborhoods
- └ Other areas only with evidence

SILO 7 · Patient Education (/news/)
- ├ Articles link to one service page
- └ Duplicates consolidated

SILO 8 · Trust and Conversion
- ├ Doctors, credentials, team
- ├ Testimonials, before and after
- └ Financing, specials, forms

Existing URLs are preserved. Build pages only where demand and a real service exist.

Silo Output Summary

Silo	Parent Page	Target Keywords	Intent	Linking Strategy	Priority
Implants and Replacement	/dental-implants/	dental implants, snap-in dentures Tampa	Restorative	Children link up and across; articles link in	High
Cosmetic	/cosmetic-dentistry/	cosmetic dentist, veneers, whitening Tampa	Cosmetic	Hub links to each treatment and offers	High
Comfort and Sedation	/sedation-dentistry/	sedation dentist Tampa	Comfort	Linked from implants and anxiety content	High
General and Preventive	/dental-procedures/	dental cleaning, exam Tampa	General	Linked from new-patient pages	Medium
Tampa Local	Homepage and Tampa page	dentist Tampa, West Tampa	Local	Sitewide footer link; services link to Tampa	High
Education	/news/	implant cost, dentures versus implants	Informational	One article to one target page	Medium
Trust and Conversion	/about-us/	weninger dentistry doctors	Navigational	Linked from every priority page	High

Audit of the 19 Area Pages

Area Page Group	Pages	Observed	Provisional Decision	Evidence Needed
Tampa	1	About 200 body words; templated; no landmarks; same 26-service list as every page	Retain and rewrite as the primary Tampa page	None; practice address confirmed
Tier 2: Carrollwood, Town 'N' Country, Westchase, Citrus Park, Lake Magdalene	5	Same template expected; Lake Magdalene last modified 2023	Improve only if search data supports; else consolidate	Impressions, rankings, drive time
Tier 3: Temple Terrace, Lutz, Brandon	3	Brandon sampled: about 190 words, name swapped, no landmark or distance	Hold; consolidate if no demand	Patient origin, competition
Wider Tampa Bay: Dunedin, Largo, Pinellas Park, St. Petersburg, Safety Harbor, Oldsmar	6	Not sampled; assumed same template	Consolidate into one Areas Served page unless traffic exists	Search Console data per URL
East side: Seffner, Mango	2	Not sampled	Consolidate unless traffic exists	Search Console data per URL
East Lake	1	In the sitemap but not in the 18 supplied; main-list link mismatch seen	Check whether it duplicates Lake Magdalene	Canonical and traffic check

Sampled: Tampa and Brandon pages only (about 200 words each, generic copy). Decisions are provisional until Search Console shows impressions, clicks and rankings per URL. Any removal uses redirects to the nearest useful page.

Tampa Core First, Evidence Before Expansion

Location	Status	Target Keyword	Evidence Needed Before Building	Page Decision
Tampa (the practice)	Primary	dentist Tampa FL	None	Rewrite now
West Tampa	Tier 1	dentist in West Tampa	Search demand, drive time, competitor overlap	Section on the Tampa page first
Drew Park	Tier 1	dentist Drew Park Tampa	Search demand check	Section on the Tampa page first
Egypt Lake-Leto	Tier 1	dentist Egypt Lake Tampa	Search demand check	Section on the Tampa page first
Northwest and South Tampa	Tier 1	dentist South Tampa	Competitors are strong in South Tampa	Validate with the grid
Carrollwood, Town 'N' Country, Westchase, Citrus Park, Lake Magdalene	Tier 2	dentist [area]	Impressions, distance, Maps grid	Improve or consolidate
Temple Terrace, Lutz, Brandon, Oldsmar, Safety Harbor	Tier 3	dentist [area]	Credible competitive opening	Hold

A neighborhood page is built only with distinct local content: directions, landmarks, travel notes, local patient questions and relevant services. Never copy one template across areas. Neighborhood boundaries and drive times are Need Information.

Healthcare Trust Strategy

Pillar	Current Trust Status	Missing Signals	Improvement Strategy
Experience	Earliest article dated December 2014; husband-and-wife team; years in practice and 'since' year not found	Practice history, years in business	Publish verified history; add real patient stories
Expertise	Dr. Scott Weninger: BA 2000, doctorate 2004 (Marquette); Dr. Michelle Weninger: 1999, 2004 (Marquette); Dr. Jeffrey Abril: UF 2000. Continuing education listed	Licence details, memberships, awards (none listed); Dr. Abril not in the intake	Add verified credentials, sedation and implant training, memberships
Authoritativeness	Better Business Bureau, ADA and Crunchbase references named as candidates in the input	Listing URLs not verified	Verify listings; earn local and dental-industry mentions
Trustworthiness	Phone, text, email smile@weningerdentistry.com and address shown; booking and financing pages exist	Hours, doctor names on homepage, review source, privacy details	Add hours, doctor panel, dated reviews and financing clarity

Facts come from the doctor biography page (19 October 2026). Do not add credentials, years of experience, awards or guarantees until documented. Doctor roles for sedation and specialised treatments are Need Information.

Content Roadmap

Title	Keyword	Intent	Funnel	Type	Priority
Refresh: Dental Implant Costs in Tampa (2026)	dental implant cost Tampa	Informational	Mid	Update existing	High
Merge: three snap-on denture articles	snap-on dentures	Informational	Mid	Consolidate	High
Merge: two Invisalign versus braces articles	invisalign vs braces	Commercial	Mid	Consolidate	Medium
One crowns versus veneers guide, linked to both pages	crowns vs veneers	Commercial	Mid	Consolidate	Medium
Sedation for Anxious Patients: What to Expect	sedation dentist Tampa	Comfort	Mid	Service content	High
Full Mouth Implants and Costs Explained: update	full mouth dental implants	Informational	Mid	Update existing	Medium
New in Tampa: What to Expect at a First Visit	new patient dentist Tampa	Transactional	Bottom	Patient page	Medium
Meet Our Doctors: credentials and approach	weninger dentist	Trust	Bottom	Trust page	High

Update and merge before publishing new articles; the site already has 269. Cadence after consolidation: one or two quality pieces a month, each linked to one service page. Clinical content is reviewed by a licensed dentist.

Review Collection Process and Templates

Review System Step	Detail
Current situation	5.0 from 574 reviews (supplied); owner responses visible on recent reviews; website says 4.97 and over 500
Observed themes	Friendly, professional staff; clear explanations; patient comfort; confidence in the doctors; good first visits
When to ask	After a positive visit, in the office or within 24 hours by message
Touchpoints	Checkout, post-treatment follow-up, new-patient welcome
Staff workflow	Practice team sends; reviews tracked weekly; every review answered
Policy	Honest feedback only; no incentives, rating gating, or requests for keywords

Positive Review Request

Thank you for visiting Weninger Dentistry. If you are comfortable sharing your experience, a short Google review helps other patients choose a dentist. Here is the link.

Service-Specific Request

Thank you for trusting us with your care. If you would like to share how your visit went, we welcome your honest feedback. Please do not include personal health details.

Follow-up Request

A friendly reminder in case you have a moment to leave feedback. We read every review.

Review Response Strategy

Positive Review Response

Thank you, [Name]. We are glad your visit went well and appreciate you taking the time to share. Our team is here whenever you need us.

Negative Review Response

Thank you for your feedback, [Name]. We would like to understand and help. Please call our office at 813-872-7057. We cannot discuss any patient details in a public reply.

Review Policy and Privacy Guidelines

- Never confirm a reviewer is a patient or mention treatment
- No incentives and no rating gating; follow Google's review policy
- Respond to all reviews promptly, within two business days
- Train staff on privacy-safe replies

Why It Matters

A consistent, careful response pattern shows prospective patients how the practice treats people and protects privacy, without exposing any health information.

Directories and Business Information Consistency

Platform	Purpose	SEO Value	Verification Status	Priority
Google Business Profile	Primary local entity	Critical	Live profile not accessed	**High**
Apple Business Connect and Bing Places	Map and assistant coverage	High	Unable to Verify	**High**
Better Business Bureau	Trust citation; named in input	Medium	Listing URL not verified	**Medium**
American Dental Association listing	Dental authority; named in input	Medium-high	Not verified	**Medium**
Crunchbase and business profiles	Entity references; named in input	Low-medium	Not verified	**Low**
Healthcare and dental directories	Doctor and practice profiles	High	Not verified	**High**
Chambers and local organizations	Local authority	Medium	Not verified	**Medium**
Facebook, LinkedIn, YouTube	Entity; official profiles supplied	Medium	Details to compare with NAP	**Medium**

Canonical details: Weninger Dentistry, PLLC; 4030 North MacDill Avenue, Tampa, FL 33607; (813) 872-7057; https://www.weningerdentistry.com/. Check historic addresses (a 2023 'new office' article exists) and the separate text number. No mass submissions, no duplicate listings.

Authority Opportunities and Link Profile Review

Opportunity	SEO Value	Implementation Method	Priority
Local sponsorships and community events	Local relevance	Request a link from sponsor pages	Medium
Tampa business and chamber groups	Local authority	Verified member listing	Medium
Dental industry and ADA references	Industry relevance	Verify and fix existing references	Medium
Local media and community sites	Mentions and links	Offer doctor commentary on oral health	Medium
Links to service pages	Page authority	Earn contextual links to implants and cosmetic	Medium

Backlink Profile Review

- About 1,300 backlinks from about 1,100 referring domains (estimates)
- A recent substantial increase in acquired links is visible; cause not yet reviewed
- About 23 flagged lost or at-risk entries; the 92 'follow' links are a highlighted subset, not a total
- Review referring-domain quality, relevance, anchors, sitewide and nofollow links manually
- Do not disavow because a tool labeled a link suspicious; act only on evidence of manipulation or risk

Rule

Quality, relevance and editorial legitimacy over volume. No paid or automated link building.

Moving Authority to Priority Pages

Current State and Issues

- Main navigation covers procedures, cosmetic, sedation, about, testimonials, financing, specials and contact
- Each sampled area page lists all 26 services identically, which weakens topical links
- 270 articles may not link to the strongest service page
- Three denture pages and nine implant-related URLs need clear parent-child links

Framework

- **Service → Related:** implants link to dentures, sedation, 3D imaging
- **Article → Service:** every article links to one primary service page
- **Tampa page → Service:** only priority services, with context
- **Specials → Service:** each offer links to its treatment page

Authority flows Homepage → Hubs → Treatment pages → Articles and FAQs, and back up with descriptive anchor text. Orphaned or duplicate articles are merged or redirected.

ChatGPT, Google AI Overview, Gemini and Voice

Current AI Visibility (supplied)

- AI Search Visibility Score 35; 19 mentions; 21 cited pages
- ChatGPT: 8 mentions, 15 cited pages
- Google AI Mode: 8 mentions, 6 cited pages
- Gemini: 3 mentions, 5 cited pages
- Google AI Overviews: 0 mentions, 5 cited pages; 0.8% of SERP share

Optimization Strategy

- Identify which pages are cited and why
- Direct, factual answers on service pages
- Consistent practice and doctor information everywhere
- Verifiable doctor credentials and authorship
- Answer high-value local questions the site misses

Schema Recommendations

- Dentist with address, hours, sameAs profiles
- Physician or Person markup for each doctor
- Service entries that match visible content
- FAQPage only where FAQs are visible
- No claim that markup guarantees AI citations

These are platform-specific third-party indicators, not a guarantee of how often the practice appears for real queries. Log a repeatable query set monthly.

Turning Searches into Appointments

Area	Current Status	Conversion Improvement	Priority
Website CTAs	Schedule Now, Request Appointment, Patient Forms, call, text and email links on the homepage	Keep; make one primary action per page; track each	High
Booking path	/make-appointment/ exists; GBP destination not verified	One booking URL on website and GBP	High
Hours and location	No hours and no map on the homepage	Hours, map and directions above the fold	High
Offers	Three specials expire 10/31/2026; not combinable; not valid with insurance	Renew or retire on 1 November; keep terms visible	High
Financing	Page linked; no terms on the homepage	Short financing summary once terms are confirmed	Medium
Trust elements	Rating stated as 4.97 and over 500; no doctor names on the homepage	Verified rating with source; doctor panel and testimonials	High
Measurement	GTM references seen; calls and booking events unverified	Track calls, texts, form and booking events	High

GBP interactions are not patient conversions without call and booking tracking. No conversion results are reported in this strategy.

What Comes First and Why

Foundation Phase

- **Tasks:** verify GBP, hours and listings; keyword-decline investigation; tracking; offer renewal; homepage trust fixes
- **Reason:** establishes facts and protects existing rankings
- **Dependency:** Search Console, Analytics and GBP access

Growth Phase

- **Tasks:** strengthen priority service pages; rewrite the Tampa page; consolidate duplicate articles; review system
- **Reason:** builds relevance on a clean base
- **Dependency:** confirmed services and doctor credentials

Authority Phase

- **Tasks:** citation cleanup, local links, schema, area-page consolidation, AI baseline
- **Reason:** authority works once pages and entity data agree
- **Dependency:** pages updated, listings consistent

Fastest return: renewing or retiring expiring offers, GBP cleanup, homepage trust fixes and recovering lost commercial rankings. Slowest: local authority and AI visibility.

Month 1: Verify, Protect and Measure

Timeline	Priority	Task	SEO Area	Expected Impact	Difficulty	Action Owner
Week 1	High	Provide Search Console, Analytics and GBP access; confirm hours, doctors and services	Foundation	Real baseline	Low	Business Owner Action
Week 1	High	Export lost keywords; classify and map to URLs	Analysis	Recovery list	Medium	Marketing Team
Week 1-2	High	Verify GBP categories, services, products, hours, booking link	GBP	Accurate profile	Low	Marketing Team
Week 2	High	Renew or retire specials expiring 10/31/2026	Conversion	No expired offers	Low	Practice Team
Week 2	High	Add hours, map, doctor panel and one verified rating to the homepage	On-page	Trust, conversion	Medium	Website Development Team
Week 2-3	Medium	Set up call, text, form and booking tracking	Tracking	Measurement	Medium	Marketing Team
Week 3-4	Medium	Run a full crawl; capture Core Web Vitals; start a local grid baseline	Technical	Technical baseline	Medium	Website Development Team
Week 4	Medium	Launch a steady review workflow; reply to all open reviews	Reviews	Review velocity	Medium	Practice Team

Focus: data access, keyword-decline investigation, GBP verification, offer renewal, homepage trust and tracking.

Month 2: Strengthen Pages Before Adding Content

Timeline	Priority	Task	SEO Area	Expected Impact	Difficulty	Action Owner
Week 5-6	High	Strengthen the implants, denture implants and dentures pages	Service pages	Core relevance	Medium	Website Development Team
Week 5-6	High	Expand veneers, crowns and whitening pages; link offers	Service pages	Cosmetic relevance	Medium	Website Development Team
Week 6-7	High	Strengthen sedation hub, IV and oral pages	Service pages	Comfort relevance	Medium	Website Development Team
Week 7	High	Rewrite the Tampa page; add Tier 1 neighborhood sections only if data supports	Location	Local relevance	Medium	Website Development Team
Week 7-8	Medium	Merge duplicate denture, Invisalign and crowns-versus-veneers articles	Content	Less cannibalization	Medium	Marketing Team
Week 5-8	Medium	Weekly GBP posts; add consented photos	GBP	Fresh activity	Low	Marketing Team
Week 8	Medium	Add doctor credentials page updates and testimonials	E-E-A-T	Trust	Low	Business Owner Action

Month 3: Citations, Consolidation, Links and AI

Timeline	Priority	Task	SEO Area	Expected Impact	Difficulty	Action Owner
Week 9	High	Review the backlink profile manually; check for manual actions; no disavow without evidence	Authority	Risk control	Medium	Marketing Team
Week 9-10	High	Verify and align listings: Apple, Bing, BBB, ADA, directories	Citations	Consistent entity	Medium	Marketing Team
Week 10	Medium	Implement and validate Dentist, Physician and FAQ markup	Technical	Entity clarity	Medium	Website Development Team
Week 10-11	High	Consolidate area pages per Search Console data; redirect where removed	Location	Focus, less thin content	Medium	Website Development Team
Week 11	Medium	Local sponsor, chamber and dental-industry link outreach	Links	Local authority	Medium	Marketing Team
Week 12	High	Re-run the grid; compare KPIs with baseline; adjust plan	Tracking	Decisions from data	Low	Marketing Team
Week 12	Medium	Run the AI query set and log mentions	AI search	AI baseline	Low	Marketing Team

Monthly KPI Tracking Table

Metric	Baseline	Month 1	Month 2	Month 3	Source
GBP calls and website clicks	Capture				GBP Insights, call tracking
Direction requests	Capture				GBP Insights
Organic clicks and impressions (non-branded)	Capture				Search Console
Branded clicks	Capture				Search Console
Rank: dentist Tampa FL	14 (estimate)				Rank tracker, grid
Rank: invisalign tampa	9 and 17 (estimates)				Rank tracker
Valuable lost keywords recovered	From export				SEO tool export
Referring domains (reviewed)	About 1,100				Backlink tool
Reviews and rating	574 / 5.0 (verify)				Google
Appointment requests and booked visits	Capture				GA4, practice records

Branded and non-branded results are always reported separately. Targets are set with management after baselines. Third-party estimates are replaced by Search Console and Analytics data.

Implementation Priority Matrix

QUICK WINS · HIGH IMPACT / LOW EFFORT

Action	Impact
Provide data access	High
Renew or retire expiring offers	High
Verify GBP categories and products	High
Hours, map and doctors on homepage	High
One verified rating figure	Medium
Reply to every review	Medium

HIGH PRIORITY · HIGH IMPACT / MEDIUM EFFORT

Action	Impact
Recover lost commercial rankings	High
Strengthen implants and dentures pages	Very high
Veneers, crowns, sedation pages	High
Rewrite the Tampa page	High
Merge duplicate articles	Medium
Schema and tracking	High

LONG-TERM GROWTH · AUTHORITY

Action	Impact
Backlink review, no blind disavow	Medium
Consolidate area pages	Medium
Citation and listing cleanup	Medium
Local sponsorship links	Medium
AI visibility monitoring	Medium
Quarterly grid review	Medium

APPENDIX

Verification Checklist

Item	Status	How Checked or What Is Needed
Website, sitemap index, page and post sitemaps	Verified	Fetched 19 October 2026: 90 page URLs, 270 post URLs
Homepage content, CTAs, specials	Verified	No hours, map, doctor names or visible schema; three offers expire 10/31/2026
Doctor biographies	Verified	Dr. Scott Weninger, Dr. Michelle Weninger, Dr. Jeffrey Abril; no memberships or awards listed
Area pages (19)	Partly verified	Tampa and Brandon sampled; the rest assumed templated, to be confirmed
Service pages (26)	Partly verified	All in sitemap; implants and veneers reviewed; others to audit
Competitors (5 direct + 4 domains)	Partly verified	Sites reviewed; weningerdental.com blocked; ratings and categories not confirmed
Live GBP, secondary categories, hours	Unable to Verify	Profile not accessed; need Business Owner access
Search Console, Analytics, conversions	Need Information	Request read access
Core Web Vitals, crawl, backlink export, citations	Unable to Verify	Run in Month 1

APPENDIX

Data Notes and Open Items

Data Notes

- Authority Score, traffic, keyword and AI figures are third-party estimates, not first-party analytics
- Keyword positions vary by device, location and date; recheck before reporting
- A repeated branded keyword record is counted once
- The 25% traffic share and 92 'follow' links are partial supplied figures, not totals
- Rating shown: 5.0 from 574 (supplied); website says 4.97 and over 500; verify live

Still Needed (Need Information)

- Years in business and the date the practice was established
- Doctor licences, memberships and sedation or implant credentials
- Live hours, categories, services, photos and posts
- Patient-origin data and neighborhood demand
- Booking destination on GBP, insurance and financing terms
- No ranking, traffic, patient or revenue outcome is guaranteed

Business email shown on the website: smile@weningerdentistry.com. Review date: 19 October 2026.
