Strong Reputation, Small Search Footprint

5.0
Google rating, 113 reviews

44
Monthly organic traffic (+33%)

91
Organic keywords tracked

0
AI visibility / AI mentions

Business Overview

Dental Office of Tampa is a family, cosmetic and restorative practice led by owner Dr. Sanjie Jackson at 3955 Moran Rd, Ste 101 (North Tampa / Carrollwood), with a sister office in Dunedin. Services span cleanings, sealants, fillings, crowns, bridges, dentures, implants and Invisalign.

Current SEO Situation

Reputation is excellent, but search footprint is small. Most visibility comes from brand-style queries. High-value non-brand terms such as **Invisalign Tampa** (position 17) and **tampa dental** (position 10) sit below the local pack, and AI search shows no brand mentions.

Data basis: practice-supplied SEO and GBP data, plus a live review of the website, sitemap, robots.txt and five named competitors (October 2026). Items not verifiable are listed on the final data-gaps page.

Challenges, Opportunities and Expected Impact

Main SEO Challenges

- Reputation (5.0 / 113) is not yet converting into non-brand local rankings
- No dedicated pages for implants, whitening, veneers, emergency or location
- Website hours differ from GBP hours; NAP data differs across directories
- Brand term 'jackson dental tampa' overlaps with an unrelated competitor
- Authority signals unclear: 2.7K backlinks vs only 44 organic visits

Growth Opportunities

- Add secondary GBP categories, full service list, offer and Q&A
- Build implant, Invisalign, cosmetic and emergency service pages
- Create Carrollwood, Northdale and Lake Magdalene area content
- Systematic review system to defend the rating at scale
- Schema, FAQs and entity work to earn AI search citations

Expected Business Impact

- **Leads:** more discovery searches converting to calls and bookings
- **Calls & bookings:** stronger GBP actions and a single clear booking path
- **Visibility:** local-pack presence across the 33618 trade area
- **Brand authority:** consistent entity data across Google and AI platforms
- Targets are set after baseline capture in Month 1

A Competitive but Winnable North Tampa Market

Market Factor	Assessment
Population opportunity	Dense residential North Tampa corridor (Carrollwood, Northdale, Lake Magdalene, Temple Terrace, Citrus Park) with families and adults across all ages
Local search demand	Steady, high-intent demand for dentist, cleaning, Invisalign, implants and emergency care; map results dominate the first screen
Competition level	High: Dale Mabry and Bearss corridors host multi-doctor and corporate-backed practices
Customer behavior	Compare reviews, hours, insurance and first-visit offers inside Google Maps before visiting a website
Service demand	Highest value: implants, Invisalign, crowns, cosmetic. Highest volume: cleanings and exams

Market Opportunity

A 5.0 rating at this review volume is a competitive asset few nearby practices can match. Converting it into map and organic visibility is the largest near-term lever.

Challenges

- Established nearby practices with larger review counts (one competitor displays 175+ reviews)
- Corporate-backed practices with broad promotion budgets
- Thin site content for high-value services

Strategic Direction

Own the North Tampa / Carrollwood trade area first, lead with trust and comfort, and push implants and Invisalign as the growth treatments.

Where the Practice Stands Today

8
Authority Score

2.7K
Backlinks

1.1K
Referring domains

2%
Traffic share vs competitor set

Finding	Current Status	Problem	SEO Impact	Priority
Organic traffic	44 visits, +33% trend	Very low absolute volume	Few patients discover the site via search	High
Keyword mix	52.7% commercial, 33.3% informational, 14% navigational	Top terms are brand and office-name variants	Growth depends on non-brand terms	High
Ranking positions	Invisalign Tampa 17, Invisalign in Tampa 9, tampa dental 10, florida dental tampa 16	Key terms outside the top 3	Lost map and organic clicks	High
Link profile	2.7K backlinks, 1.1K referring domains, Authority Score 8	Link volume is out of proportion to traffic and authority	Link quality needs a review before new links are built	Medium
Local signals	GBP live, 5.0 rating, 113 reviews, 15 photos	Thin services, unknown secondary categories	Relevance gap in the local pack	High
Competitor gap	Rivals show implants, whitening, veneers, emergency, savings plans, blogs	Missing treatment and trust content	Competitors capture more intent	High

Keyword Visibility and Ranking Gaps

Current Ranking Snapshot

Keyword	Position	Volume	Read
dental office tampa	1	70	Brand-style, secured
dental offices tampa	1	50	Brand-style, secured
tampa dental office	2	140	Brand-style, secured
jackson dental tampa	3	390	Overlaps another practice
jackson dental downtown tampa	4	n/a	Competitor-branded
jackson dental pa	6	n/a	Competitor-branded
invisalign in tampa	9	n/a	Page 1, bottom
tampa dental	10	n/a	Page 1, bottom
florida dental tampa	16	1.9K	Largest unclaimed demand
invisalign tampa	17	n/a	High-value service
dental office of dunedin	18	n/a	Dunedin brand

What This Tells Us

- Three of the top five keywords are the practice's own name variants, which protect the brand but add little new patient volume
- 'jackson dental tampa' (390 monthly searches) attracts patients looking for a different Tampa practice; clear Dr. Sanjie Jackson and Moran Rd branding reduces leakage
- 'florida dental tampa' (1.9K) at position 16 is the biggest single demand pocket in the data set
- Invisalign is already ranking on page one or two, so a stronger page can move it quickly

Competitor Gap in One Line

Competitors publish more treatment pages, more trust proof and more conversion offers than the current 14-URL sitemap.

Website Technical Health

Issue	Evidence Found	Impact	Recommendation	Priority
Sitemap is stale and tool-generated	14 of 15 URLs dated Feb 2025; created with a free sitemap generator; no news/blog URLs	Slow discovery of new pages	Replace with an auto-updating SEO plugin sitemap and resubmit in Search Console	High
URL mismatch between sitemap and menu	Sitemap lists /dental-sealants/, /clear-braces/; menu links /dental-tooth-sealant-tampa/, /clear-mouth-braces-tampa/	Possible duplicates or redirect chains; split signals	Choose one URL per service, 301 the other, align canonicals, menu and sitemap	High
Dentures menu points to an implant URL	Menu 'Dentures' links to /dental-implant-tampa/ while sitemap lists /dentures/	Confusing intent; no true implant page	Build a dedicated implant page and relink Dentures correctly	High
Duplicated homepage title	Title reads 'Dental Office of Tampa Home - Dental Office of Tampa- Dentist in Tampa Dentist in Tampa'	Weak SERP message, repeated words	Rewrite: Dentist in Carrollwood, Tampa FL | Dental Office of Tampa	High
Mobile zoom disabled	Viewport sets maximum-scale=1 and user-scalable=0	Accessibility and UX penalty	Remove the zoom restrictions	Medium
Robots.txt	Standard WordPress rules; sitemap declared; blocks /tag/, /author/, search and pagination	Healthy; pagination block may hide blog archives	Keep; review pagination rule once blog grows	Low

Verified directly on the live site, sitemap and robots.txt in October 2026.

Performance, Schema and Optimization

Area	Status	Impact	Recommendation	Priority
Indexability & canonicals	Homepage canonical present, index/follow, large-preview allowed	Good base	Crawl all URLs to confirm each service page self-canonicalizes	Medium
Broken links & redirects	Not tested here	Unknown	Run a full crawl for 404s, redirect chains and old Dunedin-era URLs	Medium
Page speed & Core Web Vitals	Not measured in this review; site uses WP Rocket caching	Ranking and conversion factor	Test LCP, INP and CLS on mobile; compress hero and team imagery	High
Schema markup	Not confirmed	Weak entity signals	Add Dentist/LocalBusiness, Physician, FAQPage and Service schema (see AI section)	High
Image optimization	Some images have non-descriptive names (Screenshot-2025…)	Lost image and accessibility value	Rename, compress, add descriptive alt text	Medium
Internal linking	Menu and homepage links only; no area or blog links	Authority does not flow to money pages	Apply the internal linking framework on a later page	High
Security & trust	HTTPS active; privacy policy present	Good	Add HIPAA/privacy notice details and clear insurance and pricing statements	Low
Duplicate brand data	Homepage hours differ from GBP hours; Dunedin site is a separate domain	NAP and entity confusion	Make one source of truth for hours, phone and address	High

Complete GBP Audit

GBP Element	Current Status	Issue	Recommendation	Expected Impact
Name / address / phone	Dental Office of Tampa, 3955 Moran Rd Ste 101, +1 813-450-1212	Public registry data shows a different phone on one listing	Audit all listings and align to one phone and suite format	Stronger trust and consistency
Hours	GBP: Mon closed, Tue-Thu 8-5, Fri 8-12. Website: Mon 9-5, Thu 7:30-5, Fri 7:30-2	Hours conflict between GBP and website	Confirm real hours and update both	Fewer missed visits and complaints
Categories	Primary: Dentist. Secondary: not set or unknown	Missing relevance signals	Add secondary categories (see next page)	Broader local-pack relevance
Services	Dental Bridge, Cleanings, Crowns, Invisalign	No implants, dentures, fillings, sealants, whitening, emergency	Add full service list with descriptions	Matches more service searches
Description	Mentions veneers and implants; no neighborhood	Claims services without matching site pages; no Carrollwood signal	Rewrite using the recommended text	Better relevance and local match
Photos & video	15 photos	Low volume for a 113-review profile	Add 40+ real photos plus a short office video	Higher engagement and trust
Posts / Q&A	Sealants post on Sep 29, 2026; Q&A status unknown	Irregular cadence	Weekly posts; seed and answer Q&A	Fresh activity signals
Reviews	5.0 from 113 reviews	No review-velocity system documented	Run the review system (Section 17)	Protects rating, grows prominence
Booking link	Book Online via mydentistlink.com	Provider is a third-party domain	Track clicks with UTM tags; match the website booking flow	Cleaner conversion tracking

Categories and Business Description

Category Plan	Detail
Current primary	Dentist
Recommended primary	Dentist (keep: strongest match for 'dentist near me' and 'dentist in Tampa')
Secondary candidates	Cosmetic dentist, Emergency dental service, Teeth whitening service, Dental clinic. Add only categories Google offers and the practice genuinely provides.
Reason	Competitors frame themselves across family, cosmetic and emergency intent. Add only categories that match real services.
Expected impact	More impressions for service-led and emergency searches

Confirm available category names inside GBP before applying; Google changes the list periodically.

Recommended GBP Description

Dental Office of Tampa is a family dental practice on Moran Rd in North Tampa, serving Carrollwood, Northdale and Lake Magdalene. Led by owner Dr. Sanjie Jackson, our team provides preventive care, fillings, crowns, bridges, dentures, dental implants and Invisalign in a calm, modern office. We take time to explain every option, and comfort touches such as blankets and headphones are part of every visit. New patients can ask about our first-visit offer. Call or book online.

Roughly 600 characters, no promotional stacking, no outcome claims. Offer wording must match the current website offer.

Service Optimization

Service	Target Keyword	Description Recommendation	SEO Value
Dental Implants	dental implants Tampa	Missing-tooth solutions, consultation process, restoration options	Highest revenue
Invisalign	invisalign tampa	Clear aligners for teens and adults, free smile analysis	High
Dental Crowns	dental crowns Tampa	Repairing damaged teeth, materials and visit flow	High
Dental Bridges	dental bridges Tampa	Replacing missing teeth, bridge vs implant guidance	Medium-High
Dentures	dentures Tampa	Complete and partial dentures, fitting and follow-up	Medium-High
Dental Cleanings & Exams	dental cleaning Tampa	Exam, X-rays and cleaning, new-patient offer	Volume driver
Fillings & Restorations	dentist filling Tampa	Tooth-colored fillings, treating decay early	Medium
Dental Sealants	dental sealants Tampa	Protecting children's and adults' molars	Medium
Teeth Whitening	teeth whitening Tampa	Add only if offered; confirm with practice	Medium
Emergency Dental Care	emergency dentist Tampa	Add only after confirming same-day policy and hours	High intent

Whitening and emergency care are marked "need information" in the brief; add them to GBP only when confirmed.

Photo and Post Strategy

Photo Growth Plan

Photo Type	Purpose	Frequency
Exterior and entrance	Help patients find Suite 101	Once, refresh yearly
Interior and reception	Show comfort and modern setting	Quarterly
Doctor portrait	Trust and recognition	Once, refresh yearly
Team photos	Humanize and support review themes	Quarterly
Treatment rooms and technology	Show digital x-rays and equipment	Quarterly
Patient comfort touches	Blankets, headphones, sunglasses	Monthly
Before/after	Only with written patient consent	As available
Short office video	Engagement and conversion	Twice a year

GBP Post Strategy

Post Type	Topic Example	Frequency
Service	Invisalign smile analysis in Tampa	Weekly rotation
Educational	Why sealants protect molars	Weekly rotation
Patient FAQ	How long do crowns last?	Biweekly
Doctor expertise	Meet Dr. Sanjie Jackson	Monthly
Community	Carrollwood events, school season	Monthly
Offer	Free teeth cleaning with exam and x-ray	Monthly, dated
Seasonal	Year-end insurance benefits reminder	Quarterly

Q&A Optimization

Common Patient Question	Intent	Recommended Answer Direction
Are you accepting new patients?	Booking	Yes; link to online booking and first-visit page
Do you offer Invisalign?	Service	Yes; free smile analysis, link to Invisalign page
Do you offer dental implants?	Service	Confirm scope (placement or restoration) before answering
Do you take my insurance?	Pricing	Direct to the insurance page and phone number
Is there parking at 3955 Moran Rd?	Location	Describe parking and Suite 101 entrance
Do you see children?	Family	Yes; mention preventive care and sealants
Do you treat dental emergencies?	Urgent	Answer only per the practice's confirmed policy

Q&A Rules

- Post and answer questions from the owner profile so answers are official
- Keep answers factual, short and aligned with website FAQs
- Never promise prices or outcomes
- Review Q&A monthly for new patient-submitted questions

Review Growth Snapshot

Defend the 5.0 profile by asking every satisfied patient, not only the most enthusiastic. The full system with timing, templates and responses appears in Section 17.

Relevance, Distance and Prominence

Relevance

- Dentist as primary plus verified secondary categories
- Full service list that mirrors website pages
- Description and Q&A that use service and area language
- Service pages written to match each GBP service

Distance

- Location is fixed at 3955 Moran Rd, Tampa 33618, so ranking strength fades with distance
- Build area relevance through Carrollwood, Northdale and Lake Magdalene content
- Avoid fake locations or virtual-office listings
- Validate real customer origins in GBP Insights

Prominence

- Review count, rating and review recency
- Quality local and healthcare links and mentions
- Consistent citations and directory profiles
- Brand searches and engagement signals

Map visibility is judged by Google at the moment of search, so rankings vary by searcher location. That is why the next page tracks results on a grid rather than a single rank.

Action Plan by Signal Group

Signal Group	Action Plan	Owner Type	Timing
GBP Signals	Add categories and services, rewrite description, align hours, add offer link, add appointment UTM	Practice Team	Month 1
Review Signals	Run post-visit review requests; respond to every review within 2 business days	Practice Team	Month 1 ongoing
Citation Signals	Fix NAP across directories; claim dental and local listings (Section 18)	Marketing Team	Months 1-3
Content Signals	Publish implant, Invisalign, cosmetic, emergency pages and area content	Website Development Team	Months 2-3
Authority Signals	Earn community, school, chamber and healthcare mentions	Marketing Team	Months 2-3
Engagement Signals	Track calls, direction requests and booking clicks; keep posting weekly	Marketing Team	Ongoing

Tracking Framework

Keyword	Location Focus	Current	Target	Frequency
dentist near me	Grid around 3955 Moran Rd	Baseline in Month 1	Top 3 inside 2 miles	Monthly
dentist in Tampa	Tampa citywide	Not yet measured	Page 1 / local pack	Monthly
family dentist Carrollwood	Carrollwood	Not yet measured	Top 3	Monthly
dentist Northdale Tampa	Northdale / Lake Magdalene	Not yet measured	Top 3	Monthly
dental implants Tampa	Tampa citywide	Not yet measured	Top 10	Monthly
invisalign tampa	Tampa citywide	Organic 17 / in Tampa 9	Top 5	Monthly
dental crowns Tampa	Tampa citywide	Not yet measured	Top 10	Monthly
emergency dentist Tampa	North Tampa	Not yet measured	Top 5 after page launch	Monthly
teeth cleaning Tampa	Tampa citywide	Not yet measured	Top 10	Monthly
cosmetic dentist Tampa	Tampa citywide	Not yet measured	Top 10	Monthly

Use a local-grid rank tracker (7x7 grid, 1 to 3 mile radius) plus Search Console. Only Invisalign and brand rankings are known today; all other baselines are captured in Month 1.

Top Five Organic Competitors

Competitor	Location	Reviews / Rating	Observed Strengths	Weakness / Opportunity
North Tampa Family Dental	2526 E Bearss Ave, Tampa 33613	175+ reviews, 4.9 (as shown on its site)	Full service menu: implants, veneers, whitening, root canal, wisdom teeth, sedation; savings plan; financing; blog; Spanish support; many insurance plans	Generic homepage copy; focus on volume, less personal doctor story
Jackson Dental (jacksondentaltampa.com)	101 E Kennedy Blvd, Downtown 33602	Not confirmed	Five doctors; part of a corporate dental network; Medicare Advantage messaging; payment options	Downtown, far from Carrollwood; name overlaps with Dr. Sanjie Jackson search terms
Tampa Bay Dental Team	16562 N Dale Mabry (33618) and Lutz	Not confirmed	35+ years of experience claim; $175 new patient special; same-day emergencies; two offices	Dated site (2018 footer), thin content, few modern services
Heights Dental Tampa	6008 N Florida Ave, Seminole Heights	Not confirmed	New office, Ivy-trained owner, sedation and in-house savings plan	Different trade area; new, limited history
Fresh Dent FL	Not verified	Not verified	Listed as organic competitor	Site blocks automated review; assess manually

Competitor details come from their own websites in October 2026. Review counts for rows marked Not confirmed should be captured from Google Maps during baseline.

Competitive Advantage Strategy

How to Outperform

- Pair the 5.0 rating with Dr. Jackson's personal story and comfort-first care
- Publish the treatment depth competitors already show, with a more human voice
- Make Carrollwood, Northdale and Lake Magdalene relevance explicit
- Clarify the brand so patients do not confuse it with other 'Jackson' practices

What Competitors Are Missing

- Detailed doctor-led explanations for each treatment
- Consistent GBP posts and visible Q&A
- Clear first-visit offer tied to a single booking path
- AI-ready FAQ and schema content

Prioritized Opportunities

- 1. Implant and Invisalign pages
- 2. GBP categories, services and review velocity
- 3. Emergency and cosmetic pages (when confirmed)
- 4. Area pages for North Tampa communities
- 5. Savings plan / financing clarity if offered

Local, Service, Commercial and Transactional

Keyword	Intent	Funnel	Business Value	Target Page
dentist in Tampa	Local	Mid	High	Homepage
dentist near me	Local	Mid	High	Homepage + GBP
family dentist Carrollwood	Local	Mid	High	Carrollwood page
dentist North Tampa	Local	Mid	High	North Tampa page
dental implants Tampa	Service	Mid-Bottom	Very high	Implant page (new)
invisalign tampa	Service	Mid-Bottom	Very high	Invisalign page
dental crowns Tampa	Service	Mid	High	Crowns page
dentures Tampa	Service	Mid	High	Dentures page
best dentist in Carrollwood	Commercial	Mid	High	Homepage / reviews
cosmetic dentist Tampa	Commercial	Mid	High	Cosmetic page (new)
book dentist appointment Tampa	Transactional	Bottom	Very high	Appointment page
free dental consultation Tampa	Transactional	Bottom	High	Offer / smile analysis

Informational and AI Search Queries

Informational Keyword	Intent	Funnel	Target
how much do dental implants cost	Cost research	Top	Implant guide
invisalign vs braces	Comparison	Mid	Comparison page
dental implant vs bridge	Comparison	Mid	Comparison page
how long do crowns last	Education	Top	Crowns FAQ
do dental sealants work for adults	Education	Top	Sealants article
what to expect at first dental visit	Education	Mid	First visit page
what to do for a broken tooth	Urgent	Mid	Emergency page

AI Search and Voice Queries

Platform	Example Query
ChatGPT	Who is a highly rated family dentist near Carrollwood in Tampa?
Google AI Overview	Best dentist for Invisalign in North Tampa
Voice search	Dentist open Friday morning near me
Gemini	Dentist in Tampa that explains treatment options clearly
ChatGPT	Where can I get dentures and implants in Tampa?

Search volumes for new targets are validated in keyword research before each page is written.

Where Competitors Out-Publish the Practice

Gap	Observed on Site	Content Opportunity	Keyword	Value	Priority
Service	No dental implant, whitening, veneers, emergency, root canal or wisdom-teeth page	Implant, cosmetic and emergency pages	dental implants Tampa	Very high	High
Service	Dentures menu link opens an implant URL	Fix and expand dentures page	dentures Tampa	High	High
Location	No Carrollwood, Northdale or Lake Magdalene pages	Area pages with real local detail	family dentist Carrollwood	High	High
Educational	Single 'News and Info' section; article count unknown	Cost, comparison and recovery guides	invisalign vs braces	Medium	Medium
Trust	Doctor page exists; credentials, memberships and years not documented	Credentials, philosophy and patient stories	Dr. Sanjie Jackson	High	High
Conversion	Offer shown on homepage only	Offer and smile analysis landing page	free dental consultation Tampa	High	Medium

Priority Service Pages

Service	Recommended URL	Page Title	H1	CTA
Dental Implants	/dental-implants-tampa/	Dental Implants in Tampa, FL | Dental Office of Tampa	Dental Implants in Tampa	Book an implant consultation
Invisalign	/invisalign-tampa/	Invisalign in Tampa, FL | Free Smile Analysis	Invisalign Clear Aligners in Tampa	Request free smile analysis
Dental Crowns	/dental-crowns-tampa/	Dental Crowns in Tampa | Dr. Sanjie Jackson	Dental Crowns in North Tampa	Book a crown evaluation
Dental Bridges	/dental-bridges-tampa/	Dental Bridges in Tampa, FL	Dental Bridges in Tampa	Book a consultation
Dentures	/dentures-tampa/	Dentures in Tampa, FL | Complete and Partial	Dentures in Tampa	Schedule a fitting consult
Cleanings & Exams	/dental-cleanings-tampa/	Teeth Cleaning & Exams in Tampa	Dental Cleanings in North Tampa	Claim the first-visit offer
Fillings & Restorations	/dental-fillings-tampa/	Dental Fillings in Tampa, FL	Dental Fillings in Tampa	Book a visit
Emergency Dentist	/emergency-dentist-tampa/	Emergency Dentist in Tampa (confirm policy)	Dental Emergencies in North Tampa	Call now

Keep existing URLs where they already rank; use 301 redirects only when changing a live slug. Emergency and whitening pages launch only after the practice confirms the service.

Page Template, FAQs and Linking

Required Page Structure

- Introduction with Tampa and Moran Rd context
- Patient problem in plain language
- Treatment explanation and who it suits
- Benefits and what to expect
- Step-by-step process and visit count
- Recovery and aftercare
- Doctor's note from Dr. Jackson
- FAQs and a single clear CTA

FAQ Topics by Service

- **Implants:** candidacy, healing time, implant vs bridge, cost factors
- **Invisalign:** treatment length, adults vs teens, cost factors, retainers
- **Crowns:** materials, longevity, same visit vs two visits
- **Dentures:** fitting, adjustment period, care
- **Cleanings:** frequency, X-rays, first-visit offer

Internal Linking Rule

Each service page links to related services, the booking page, the doctor page and the nearest area page.

Recommended Site Architecture

SILO 1 · Core Dental Services

Dental Services (parent)

- ├ General: exams, cleanings, fillings, sealants
- ├ Restorative: crowns, bridges, dentures
- ├ Implants: single tooth, implant-supported options
- ├ Orthodontics: Invisalign (adult, teen), retainers
- ├ Cosmetic: whitening, veneers, smile analysis
- └ Emergency: toothache, broken tooth

SILO 2 · Location SEO

Tampa dentist (parent)

- ├ Carrollwood
- ├ Northdale / Lake Magdalene
- └ Temple Terrace / Citrus Park (later)

SILO 3 · Patient Education Hub

Dental Resources (parent)

- ├ Conditions: decay, gum health, missing teeth
- ├ Treatments: implants, crowns, Invisalign
- └ FAQs: cost, recovery, maintenance

SILO 4 · Treatment Comparisons

- ├ Invisalign vs braces
- ├ Implant vs denture
- └ Crown vs filling

SILO 5 · Patient Journey

- ├ First visit, forms, insurance
- ├ Financing / savings plan (if offered)
- └ Book online, contact, FAQs

SILO 6 · Doctor and Trust Authority

About the practice

- ├ Dr. Sanjie Jackson profile
- ├ Credentials and memberships
- └ Community involvement

SILO 7 · Reviews and Reputation

- ├ Patient reviews and stories
- └ Before/after (with consent)

Build a page only where real search demand exists. No thin location pages.

Silo Output Summary

Silo	Parent Page	Target Keywords	Intent	Linking Strategy	Priority
Core Services	/dental-services/	dental implants Tampa, invisalign tampa, crowns	Service / commercial	Parent links to each child; children link to siblings, booking and area pages	High
Location SEO	/tampa-dentist/	dentist Carrollwood, dentist Northdale	Local	Area pages link to services; services link to areas	High
Patient Education	/dental-resources/	implant cost, how long do crowns last	Informational	Articles link up to money pages	Medium
Treatment Comparison	/compare/	invisalign vs braces, implant vs bridge	Commercial investigation	Link to both treatments and CTA	Medium
Patient Journey	/new-patients/	first dental visit, book appointment	Transactional	Linked from header and every service page	High
Doctor Authority	/dr-sanjie-jackson/	Dr. Sanjie Jackson Tampa	Navigational / trust	Linked from service pages and footer	High
Reviews	/patient-reviews/	best dentist in Carrollwood	Commercial	Linked from homepage and key pages	Medium

Location Pages for Priority Areas

Location	Target Keyword	URL	Page Title	H1	Required Local Signals
North Tampa (hub)	dentist north tampa	/dentist-north-tampa/	Dentist in North Tampa | Dental Office of Tampa	Your North Tampa Dentist on Moran Rd	Map embed, hours, parking, nearby landmarks
Carrollwood	family dentist carrollwood	/dentist-carrollwood-tampa/	Family Dentist in Carrollwood, Tampa FL	Family Dentistry Serving Carrollwood	Drive directions, local landmarks, reviews
Northdale / Lake Magdalene	dentist northdale tampa	/dentist-northdale-tampa/	Dentist Near Northdale & Lake Magdalene	Dental Care for Northdale Families	Route from Northdale, schools, patient quotes
Temple Terrace	dentist temple terrace	/dentist-temple-terrace/	Dentist Near Temple Terrace	Dentist for Temple Terrace Patients	Add only if GBP insights show demand
Dunedin (sister office)	dental office of dunedin	Link to Dunedin site	Cross-link both offices	Our Dunedin Office	Clear separate NAP per location

Each page needs unique local copy: local introduction, available services, nearby areas, directions, FAQs, trust signals and a booking CTA. Do not clone one template across areas.

Healthcare Trust Strategy

Pillar	Current Trust Status	Missing Signals	Improvement Strategy
Experience	Strong patient-experience reviews; years in practice not documented	Years in practice, case volume, patient stories	Add doctor story: Dominica, Virgin Islands and Dunedin roots, and years of practice once confirmed
Expertise	Doctor page exists; credentials, memberships and training not documented	Dental school, ADA/FDA memberships, continuing education	Publish verified credentials and link to ADA Find a Dentist profile
Authoritativeness	Dr. Jackson appears on an ADA listing for the Dunedin address; limited local mentions	Tampa directory profiles, local mentions, community presence	Claim healthcare directories, sponsor local groups, earn press mentions
Trustworthiness	HTTPS, phone, address, privacy policy, strong reviews	Insurance clarity, pricing guidance, hours consistency	Single source of truth for hours, clear insurance and offer terms

Expected impact: stronger conversion for first-time patients and more reliable AI and Google quality signals. Add only credentials the practice can document.

Content Roadmap

Title	Keyword	Intent	Funnel	Type	Priority
Dental Implants in Tampa: What to Expect	dental implants Tampa	Service	Mid	Service page	High
Invisalign in Tampa: Cost Factors and Timeline	invisalign tampa	Service	Mid	Service page	High
Invisalign vs Braces for Adults and Teens	invisalign vs braces	Comparison	Mid	Guide	Medium
Dental Implant vs Bridge: Which Is Right?	dental implant vs bridge	Comparison	Mid	Guide	Medium
Your First Visit at Dental Office of Tampa	first dental visit Tampa	Informational	Mid	Patient education	High
Dental Sealants for Kids and Adults	dental sealants Tampa	Informational	Top	Article	Medium
What to Do for a Broken or Painful Tooth	tooth pain Tampa	Urgent	Mid	Article	High
Meet Dr. Sanjie Jackson	Dr. Sanjie Jackson Tampa	Navigational	Bottom	Doctor content	High
Carrollwood Dental Care Guide	dentist Carrollwood	Local	Mid	Location content	High
Using Your Dental Insurance Before Year-End	dental insurance benefits	Informational	Top	Seasonal article	Medium

Cadence: two pieces per month after the core service pages are live. Every article links to a service page and a booking CTA.

Review Collection Process and Templates

Review System Step	Detail
Current situation	5.0 from 113 reviews; themes: kind staff, clear explanations, comfortable visits
Competitor gap	North Tampa Family Dental displays 175+ reviews at 4.9
When to ask	Right after a positive visit, before the patient leaves, and by text within 24 hours
Touchpoints	Front desk, hygienist handoff, checkout, automated text, email follow-up
Staff workflow	Front desk sends request; hygienists mention it; owner reviews weekly count
Target pace	A steady monthly review count tracked in the KPI dashboard

Positive Review Request

Thank you for visiting Dental Office of Tampa today. If you had a good experience, a short Google review helps neighbors in Carrollwood and North Tampa find us. Tap here to share your thoughts.

Service-Specific Request

Thanks for trusting us with your Invisalign / crown / cleaning visit. If you're happy with your care, we'd value a review about what the visit was like for you.

Follow-up Request

A quick reminder in case you had a moment to share your visit. Your words help others choose a dentist with confidence.

Review Response Strategy

Positive Review Response

Thank you, [Name]! We are so glad your visit felt comfortable and well explained. Taking time with every patient is what we care about most. See you at your next visit! - Dr. Jackson and team

Negative Review Response

Thank you for telling us, [Name]. We are sorry your visit did not meet your expectations. We would like to understand what happened and make it right. Please call our office at (813) 450-1212. (No patient details are shared publicly.)

Review Optimization Guidelines

- Invite natural mentions of the service, the team and the experience
- Never script or incentivize reviews, and never gate by rating
- Respond to all reviews within two business days
- Do not confirm that a reviewer is a patient; avoid health details

Why It Matters

Fresh, specific reviews strengthen relevance for services and neighborhoods and protect the trust advantage over larger competitors.

Dental and Local Directories

Platform	Purpose	SEO Value	Priority
Google Business Profile	Primary local entity	Critical	High
Bing Places and Apple Business Connect	Search and Maps coverage, voice assistants	High	High
ADA Find a Dentist	Professional profile; currently lists Dr. Jackson at the Dunedin address	High	High
Healthgrades, Zocdoc, WebMD	Healthcare discovery and trust	High	High
Yelp, Facebook, Instagram	Reviews and social entity	Medium	Medium
NPI / state registry	Data consistency (one listing shows a different phone)	Medium	High
Tampa Chamber of Commerce and local business groups	Local authority and links	Medium-High	Medium
Data aggregators (Data Axle, Foursquare, Neustar)	Spread consistent NAP to many sites	Medium	Medium

Existing citations are unknown in the brief. Month 1 includes an audit of NAP, suite number and phone on every listing.

Authority Opportunities

Opportunity	SEO Value	Implementation Method	Priority
Local schools and youth sports	Local relevance, community links	Offer dental health talks or sponsor a team; request a profile link	Medium
Carrollwood and North Tampa business groups	Local authority	Join associations; get member directory links	Medium
Healthcare partners (orthodontists, oral surgeons, physicians)	Referral relevance and links	Create referral pages and mutual listings	Medium
Local media and expert contributions	Brand mentions and links	Offer Dr. Jackson as a source for dental health stories	Medium
Dunedin practice cross-links	Entity connection	Link both sites clearly with separate addresses	High
Existing 2.7K backlinks	Quality unknown	Audit toxic or irrelevant links before new campaigns	High

Moving Authority to Revenue Pages

Current State and Issues

- Links are mainly in menu and homepage
- Dentures menu links to an implant URL
- No area pages or blog posts to link from
- No related-service links on service pages

Framework

- **Service → Location:** Implants page links to 'Implants near Carrollwood'
- **Location → Service:** Carrollwood page links to crowns, Invisalign, cleanings
- **Blog → Money page:** Invisalign vs braces links to the Invisalign page
- **FAQ → Treatment:** each answer links to its treatment page

Authority flows Homepage → Main services → Sub-services → Location pages → Education → FAQs, and back up with contextual links using descriptive anchor text.

ChatGPT, Google AI Overview, Gemini and Voice

Current AI Visibility

- AI visibility: 0; AI mentions: 0
- 6 pages are cited, so content is readable
- No confirmed schema or knowledge panel
- Brand mentions unknown

Optimization Strategy

- Write short, direct answers to common patient questions on service pages
- Add doctor biography with verifiable facts
- Use consistent business name, address, phone and hours everywhere
- Earn mentions on dental directories and local sites

Schema Recommendations

- Dentist (LocalBusiness) with address, geo, hours, sameAs
- Physician / Person for Dr. Sanjie Jackson
- MedicalBusiness service offerings
- FAQPage on FAQ and service pages
- AggregateRating only where policy permits

Entity work: connect the website, GBP, ADA profile, social profiles and the Dunedin office using the same names and sameAs links.

Turning Visitors into Booked Patients

Area	Current Status	Conversion Improvement	Priority
Website CTA	Call and Book Online buttons on homepage; Book Appointment in menu	Repeat sticky call and book on every page; one booking destination	High
Booking path	Form page and external booking link (txt.care) both used	Use one tracked booking flow; add UTM and call tracking	High
Offer	'Free teeth cleaning with $140 exam and x-ray'	Make terms clear; add landing page and GBP offer	High
Trust elements	Reviews, comfort touches, doctor story	Add review count, credentials, insurance statement near CTA	Medium
GBP actions	Call, directions, website, Book Online	Add messaging if staffed; match hours; seed Q&A	High
Mobile	Zoom disabled; speed unknown	Fix viewport; test speed on mobile	Medium

Expected impact: more bookings from the same traffic and a clearer way to measure which channel produces patients.

What Comes First and Why

Foundation Phase

- **Tasks:** NAP and hours fix, GBP categories and services, tracking, sitemap and URL cleanup, title rewrite
- **Reason:** corrects trust and data conflicts first
- **Dependency:** none; start immediately

Growth Phase

- **Tasks:** implant, Invisalign, cosmetic and emergency pages; area pages; review system; GBP posts
- **Reason:** builds relevance on a clean base
- **Dependency:** URL map and confirmed services

Authority Phase

- **Tasks:** citations, local links, AI schema, expert content, link audit
- **Reason:** authority works best when pages and entity data are consistent
- **Dependency:** pages live, NAP corrected

Fastest ROI: GBP updates, review velocity, hours and NAP consistency, and a strong Invisalign page. Slowest: link authority and AI visibility.

Month 1: Foundation

Timeline	Priority	Task	SEO Area	Expected Impact	Difficulty	Action Owner
Week 1	High	Verify real hours; align GBP, website, directories	GBP / NAP	Fewer trust conflicts	Low	Practice Team
Week 1	High	Set up GA4, Search Console, call and booking tracking	Tracking	Measurement	Low	Marketing Team
Week 1-2	High	Add GBP categories, full services, description, offer	GBP	Relevance	Low	Marketing Team
Week 2	High	Rewrite homepage title and meta; remove zoom block	Technical	Better SERP and UX	Low	Website Development Team
Week 2-3	High	Fix sitemap, URL mismatches, menu links, redirects	Technical	Clean indexing	Medium	Website Development Team
Week 3	Medium	Capture local grid baseline and competitor review counts	Tracking	Baseline	Low	Marketing Team
Week 3-4	Medium	Upload 25 new real photos and short video	GBP	Engagement	Low	Practice Team
Week 4	High	Launch review request workflow	Reviews	Review velocity	Medium	Practice Team

Focus: Technical SEO, GBP optimization, category setup, service setup and tracking.

Month 2: Service Pages, Locations, Content and Reviews

Timeline	Priority	Task	SEO Area	Expected Impact	Difficulty	Action Owner
Week 5-6	High	Publish Dental Implants page with FAQs and schema	Service pages	Highest-value relevance	Medium	Website Development Team
Week 5-6	High	Rebuild Invisalign page; add free smile analysis CTA	Service pages	Move rankings from 9 / 17	Medium	Website Development Team
Week 6-7	High	Update dentures, crowns, bridges pages to the template	Service pages	Stronger relevance	Medium	Website Development Team
Week 7	Medium	Publish Carrollwood and North Tampa pages	Location	Local relevance	Medium	Website Development Team
Week 7-8	Medium	Publish emergency and cosmetic pages (if confirmed)	Service pages	New intent	Medium	Website Development Team
Week 5-8	Medium	Publish four educational articles and four weekly GBP posts per month	Content	Topical authority	Medium	Marketing Team
Week 8	Medium	Doctor profile with credentials and story	E-E-A-T	Trust	Low	Business Owner Action

Month 3: Citations, Links, AI Optimization and Authority

Timeline	Priority	Task	SEO Area	Expected Impact	Difficulty	Action Owner
Week 9	High	Audit existing 2.7K backlinks; disavow only clear spam	Authority	Safer link profile	Medium	Marketing Team
Week 9-10	High	Claim and align healthcare and local citations	Citations	Prominence	Medium	Marketing Team
Week 10	Medium	Add Dentist, Physician, FAQ and Service schema	AI / Technical	Entity clarity	Medium	Website Development Team
Week 10-11	Medium	Launch Northdale and Temple Terrace pages where data supports	Location	Wider reach	Medium	Website Development Team
Week 11	Medium	Start school and community outreach; pitch local media	Links	Local authority	Medium	Marketing Team
Week 12	High	Re-run local grid; compare KPI vs baseline; adjust plan	Tracking	Decisions based on data	Low	Marketing Team
Week 12	Medium	Update ADA Find a Dentist profile for the Tampa office	Citations	Entity accuracy	Low	Business Owner Action

Monthly KPI Tracking Table

Metric	Baseline	Month 1	Month 2	Month 3	Source
GBP calls	Capture				GBP Insights
GBP website clicks	Capture				GBP Insights
Direction requests	Capture				GBP Insights
Search views	Capture				GBP Insights
Organic traffic	44 visits				Analytics / SEMrush-style tool
Keyword rankings (invisalign tampa)	17				Rank tracker
Local pack visibility	Capture				Grid tracker
Backlinks / referring domains	2.7K / 1.1K				Backlink tool
Authority Score	8				SEO tool
Google reviews / rating	113 / 5.0				Google
Leads and appointments	Capture				Booking system / call tracking
New patients and conversion rate	Capture				Practice management

Planning targets are set once baselines are captured in Month 1. GBP metrics come from the Performance section of the profile.

Implementation Priority Matrix

QUICK WINS · HIGH IMPACT / LOW EFFORT

Action	Impact
Align hours and NAP everywhere	High
Add GBP categories and full services	High
Rewrite homepage title tag	Medium
Fix viewport zoom setting	Medium
Start review workflow	High
Add GBP offer and Q&A	Medium

HIGH PRIORITY · HIGH IMPACT / MEDIUM EFFORT

Action	Impact
Implant service page	Very high
Invisalign page rebuild	High
Sitemap and URL cleanup	High
Carrollwood and North Tampa pages	High
Schema and FAQ markup	High
Doctor trust profile	High

LONG-TERM GROWTH · AUTHORITY

Action	Impact
Backlink audit and quality links	High
Citation and directory consistency	Medium
Content calendar (2 per month)	High
Community and school partnerships	Medium
AI visibility monitoring	Medium
Quarterly ranking grid review	Medium

APPENDIX

Data Gaps and Verification

Information Still Needed

- Years in practice, credentials, memberships and awards
- Emergency care policy and same-day availability
- Whitening, veneers and implant scope offered
- GBP secondary categories, Q&A, photo and review trend data
- Citation list, schema and knowledge panel status
- Blog article count and Core Web Vitals results
- Correct current hours (website and GBP disagree)

Verification Notes

- Website, sitemap, robots.txt and competitor pages were reviewed live in October 2026
- Fresh Dent FL could not be reviewed automatically
- Competitor review counts are taken from their own sites; confirm in Google Maps
- SEO metrics (traffic, authority, backlinks, AI visibility) are practice-supplied
- No ranking, traffic or revenue outcomes are guaranteed
